ACRYLIC ROAD PAINT

MADE WITH FIRST CHOICE MATERIAL FOR IMPROVED QUALITY

LOW DIRT PICK UP

NOULA ROAD PAINT is a One component, one coat, easy to use product.

NOULA ROAD PAINT has good adhesion on bitumen, concrete and flagstones

It performs in marking, roads, parking, warehouses and garages.

NOULA ROAD PAINT can be applied by hand or machine, one coat is enough to achieve a good finish. Can be thinned if needed with paint thinner.

NOULA ROAD PAINT gives a smooth surface which gives a very low dirt pick up.

For the night visibility, glass beads can be sprinkled on immediately after application.

Surface to cover must be solid, clean and dry, free from oil and grease. Mechanical roughening of the surface is usually better than chemical treatment.
