TENNIS COURT

MADE WHITH FIRST CHOICE MATERIAL FOR IMPROVED QUALITY

NOULA TENNIS COURT:

Is an acrylic ready to use water borne product.

NOULA TENNIS COURT:

is ideal for play grounds where a non slippery surface is needed.

Surface preparation:

Surface must be solid and clean,
free from oil or grease.
Surface must be dry.

Application:

Before application product must be very well mixed.

Tow coats are needed.

First coat serves to seal the surface.

The paint must be thinned with clean, clear water.

-for the first coat dilute with 50% water calculated on the total paint amount.

-for the second coat up to 20% of water are enough .

Apply with smooth roller.

To clean tools wash with warm, soapy water.

IMPORTANT: PRODUCT MUST BE PROTECTED FROM FREEZING
